

AGENDA | FRI, 4 AUG 2023

Pre-conference workshop			
08:00	<i>Meet in the Royal Orchid Sheraton Hotel lobby for coach transfer to King Chulalongkorn Memorial Hospital</i>		
09:00	Introduction to pre-conference workshops <i>Ariya Chindamporn / Methee Chayakulkeeree</i>		
09:05	Clinicomycological correlation: How to work together? <i>Rongpong Plongla / Anupop Jitmuang</i>		
09:30	Break		
Mold identification workshop <i>Facilitators: Ariya Chindamporn / Retno Wahyuningsih / Pei-Lun Sun / Catriona Halliday</i>		Essentials of fungal disease management <i>Facilitator: Methee Chayakulkeeree</i>	
09:45	Case presentation <ul style="list-style-type: none"> • Skin histoplasmosis in HIV <i>Robiatul Adawyah</i> • Dermatophytosis <i>Nisa Fauziah</i> 	09:45	Epidemiology of IFIs in Asia Pacific <i>Arunaloke Chakrabarti</i>
		10:15	Q&A
09:55	Mold identification workshop <ul style="list-style-type: none"> • Key initial steps when processing clinical specimens • Direct examination from clinical specimens • Techniques for mold identification • Culture examination and how to make slide culture session • Tips and pitfalls in mycology laboratory Discussion and Q&A	10:30	Diagnosis of IFIs and tests available <i>Low Lee Lee</i>
		11:00	Q&A
		11:15	Break
		11:30	Principles of IFI management <i>Tan Ban Hock</i>
		12:00	Q&A
		12:15	Antifungal TDM <i>Atul Patel</i>
		12:45	Q&A
13:00	Lunch		
Integrated #thinkfungus case-based discussions <i>Moderator: Methee Chayakulkeeree</i>			
14:00	Case 1: Sudden worsening of CXR with decompensated cirrhosis <i>Tan Ban Hock</i> Case 2: Sepsis – Shall I treat with antibacterial or antifungal? <i>Mitzi Chua</i> Case 3: Pulmonary infection – Is this tuberculosis? <i>Methee Chayakulkeeree</i> Case 4: A patient with extensive cellulitis <i>Rongpong Plongla</i> Case 5: Difficult-to-treat infections <i>Atul Patel</i> Case 6: Is it a stroke? <i>Low Lee Lee</i>		
16:30	Discussion and Q&A		
17:00	<i>End of workshop; coach transfer to Royal Orchid Sheraton Hotel</i>		

AGENDA | SAT, 5 AUG 2023

08:30	Welcome and introduction to MMTN 2023	Arunaloke Chakrabarti
Session 1: Medical mycology today <i>Facilitator: Atul Patel</i>		
08:40 09:05 09:25 09:45	Latest IFI epidemiology and unmet needs in Asia WHO fungal priority pathogens list Best practices in antifungal management Panel Q&A	Arunaloke Chakrabarti Sharon Chen Yee-Chun Chen
10:00	Break	
Session 2: Advanced diagnostic tools <i>Facilitator: Ariya Chindamporn</i>		
10:15 10:35 10:55 11:15	Updates on molecular tests & PCR Update on serological tests to diagnose mold infections Testing for azole-resistant <i>Aspergillus</i> Panel Q&A	Catriona Halliday Malcolm Richardson Chi-Jung Wu
Session 3: Emerging threats in Asia <i>Facilitator: Mitzi Chua</i>		
11:30 11:50 12:10 12:30	Mucormycosis Talaromycosis <i>Candida auris</i> and rare yeasts in Asia Panel Q&A	Atul Patel Methee Chayakulkeeree Tan Ban Hock
12:45	Break	
Lunch Symposium (Organized by Pfizer)		
13:00 13:10 13:40 13:55	Registration The evolution of invasive mold infections in Asia – what we had learned in the period of COVID-19 pandemic Q&A and discussion Closing	Wei-Lun Liu
14:00	Break	
Session 4: IFIs in the ICU & immunocompromised patients <i>Facilitator: Tan Ban Hock</i>		
14:15 14:35 14:55 15:15	Cryptococcal meningitis in HIV/AIDS Aspergillosis in febrile neutropenia Dematiaceous fungal infection in solid organ transplant Panel Q&A	Somnuek Sungkanuparph Tan Ban Hock Ruoyu Li
Session 5: Managing fungal outbreaks <i>Facilitator: Arunaloke Chakrabarti</i>		
15:30 15:50 16:10 16:30	COVID-19-associated IFIs Fusariosis Sporotrichosis Panel Q&A	Arunaloke Chakrabarti Yee-Chun Chen Ruoyu Li
16:45	Closing remarks	Arunaloke Chakrabarti
17:00	End of Day 1	

AGENDA | SUN, 6 AUG 2023

Session 6: AMS WG symposium <i>Facilitators: Yee-Chun Chen / Balaji Veeraraghavan</i>		
09:00	Introduction to the AMS Working Group	<i>Balaji Veeraraghavan</i>
09:10	Trends in antimicrobial resistance in Asia	<i>Maffie Tayzon</i>
09:30	Challenges implementing AMS in Asia	<i>Andrea Kwa Lay Hoon</i>
09:50	Updates in antifungal stewardship	<i>Sharon Chen</i>
10:10	Panel discussion – Best practices and recommendations	All
10:50	<i>Break</i>	
Session 7: Multidisciplinary case-based discussion <i>Facilitators: Methee Chayakulkeeree / Catriona Halliday / Malcolm Richardson / Atul Patel</i>		
11:10	Case 1 – Disseminated talaromycosis in non-HIV host	<i>Low Lee Lee</i>
11:30	Discussion	
11:40	Case 2 – Cryptococcosis in a child with leukemia	<i>Retno Wahyuningsih</i>
12:00	Discussion	
12:10	Case 3 – Aspergillosis in a patient with hyper-IgE	<i>Malcolm Richardson</i>
12:30	Discussion	
12:40	Summary and closing remarks	<i>Methee Chayakulkeeree</i>
12:50	<i>End of MMTN 2023</i>
